 - Must have 7 courses to ensure graduation
 - Can not take a grade 10 course or INTRO in grade 12 year unless approved by admin
 - Minimum 35 credits planned in grade 12 year
 - 100 needed for graduation

Questions?

- What if I plan on going to summer school?
- Should I register for this course still in PS?
- Talk to your parents about your summer plans, summer school is very intense and fast paced, so it is really designed for those repeating a class NOT taking a course for the first time. If you are really set on taking this class, please connect with your counsellor regarding registration after spring break

Questions continued

- What mark do I need to go on to the next course?
 - You must have at least a 50% or earned all your credits in your option course to proceed to the next level.
 - Teachers make recommendations on your report cards for your success, so trust the professionals. They have worked with you and know your learning style and work ethic.
 - If I failed 3/5 modules in Fab Intro, can I take it again?
No, we have 800+ grade 10 students registered next year.

Questions continued

- What if I plan on working in grade 12 and earning Work Experience credits?
 - Please register for at least 7 courses and discuss a plan with Ms. Freeborn. We need to cover grad requirements just in case something happens with your job.

Other Business

- Don't worry, your friends will do this too!
 - All ELA and Social classes will join us here and we'll do an all-call for an extra presentation if anyone's missed
- Don't give up! You still have 3 months of school left. Use tutorials, talk to your teachers, get help!
- Due dates
 - ASAP if possible
 - By March 14 at the LATEST!
